

# PAY *with* PRIDE

Let's be honest, that debit card in your wallet doesn't say anything about which team you're cheering for.

With Archer Credit Union's new school debit card, you'll be paying with pride. Not only will you show off which high school you're rooting for, but for each purchase made with your Pride Card, Archer Credit Union will make a donation to your high school!

**Cards will be shipped this fall, reserve yours today!**

Membership qualifications apply. A checking or NOW checking account is a prerequisite to receiving an ACCU Pride Card. If you do not have a checking account now, we will contact you when we receive this form to assist you in opening a checking account.

If you have a current ACCU debit card and request to reserve a Pride Card, you will receive a brand-new debit card number which will replace your current debit card. In this case, when you receive your new Pride Card, you will need to update/notify any merchants you have given your card information to for recurring purchases.

We will send you an email or contact you via phone when your Pride Card is ordered.
